Subject: Seeking Your Assistance in Setting Up a Spring Meeting with ODF, ODEQ, EPA & NOAA to Review OR CZARA Decision Document

Hi Kyle,

I am seeking your assistance in setting up a meeting between ODA (and ODEQ) with EPA and NOAA to review the Oregon CZARA decision document. We are hoping for the meeting to be held in late March/April time frame and plan to send both technical staff and managers up through Peter Daugherty's level.

Peter Daugherty told Christine Psyk (Associate Director, Office of Water and Watersheds, EPA Region 10) that he had spoken to Richard Whitman and ODF and ODEQ are very interested in meeting with EPA and NOAA to go over the Oregon CZARA decision document and to discuss the State's plans to address the gaps.

Christine asked me to coordinate this meeting with you. In addition to finding a date that works for everyone, we also would need to plan the meeting such as drafting an agenda for managerial review etc. I would love to talk with you further about this effort (perhaps with Alan). What is your schedule like this week?

We met briefly last month in Portland. As you know, I work with Alan Henning and this meeting is not the same as the meetings he discussed with you.

Regards,

Jayne Carlin, Watersheds Unit
